INTRODUCTION

Dear Students,

First of all, we'd like to **welcome all new & returning students** of the department.

Much like throughout the last academic year, you'll receive our **monthly newsletter** directly to your university mailbox. We know that there's often too much happening at once, and we'll do our best to keep you informed about the latest news, upcoming events, deadlines and further interesting activities.

We wish you a lot of energy and vigour for the upcoming academic year - let's hope it will be a pleasant and successful one for all of you.
